Dear Parents,

If you are interested in the Autism Scholarship Program, the first step is to find a participating provider that can meet your child's educational needs.

Once the provider accepts the student for enrollment, the parent can obtain the scholarship application form from their provider. The provider will submit the application on behalf of the parent via our secure online system.

If multiple providers are selected, only one is able to submit the initial application. Additional providers will be able to access the application after a scholarship has been awarded.

How Do I Apply?

Parent Portal

Parents whose children have the Autism Scholarship now have online access to view their student scholarship information. The parent portal allows real-time access to information such as application status, progress reports and monthly invoices.

To register for and access the scholarship system, parents need to take the following four steps:

- Step 1: Setup a [SAFE Account](#) on the Ohio Department of Education's Website.
- Step 2: Request parent access to the scholarship system
- Step 3: Verify your child
- Step 4: Access the scholarship record

If you need more information regarding these two scholarships, please be sure to contact the Ohio Department of Education for more information @ 877-644-6338.

Thank you,

Dr. India R. Ford
